

Year's Best Films Seen At Home

Pick of this year's Canadian film awards. Prime Minister St. Laurent presented certificates of merit to producers of the prize-winning films and complimented the artists on their work.

Other winners included the National Film Board's "Terra de Canes," "Scenes at Your Service," and "Bonne Nuit, Canada." Another was "Primitive Artists of Haiti," produced by Benoit-Denis Tonnareux Films of Montreal.

Manitoba legislature gave second reading to a bill to enable municipalities to access the Dominion government of up to 75 per cent of highway construction costs. Government refused to commit itself on what portion of the remaining 25 per cent it would pay. Opposition felt that it would pay a "fair share."

In earlier discussion of the bill, the government indicated it would have the remainder with the municipalities asking a housing project.

Miscellany

A New York material grabbed a 36-year-old woman is charged to throw herself into the East River. Police said Mrs. Christine told she wanted to die so her police husband and their two-year-old child would have more money in the crowded apartment they share with relatives.

United States Navy has left Jacksonville, Fla. Friday in a special mission to leave a plane. Their co-passengers will be 25,000 flies, bedbugs, roaches, flies and mosquitoes.

The object to test automatic aircraft disinfection device. Swarms of pests will be released in flight to attack the big ships as they set off. Then the pilot will press a button, 30 minutes will elapse and insects die, as if everything were right, the bugs will die.

The Navy thinks it has the answer to pests (insect type) hitchhiking like men in from foreign countries.

People
Ingrid Bergman and her estranged husband, Dr. Peter Lindstrom, have settled their differences over property and child custody and the actress has disappeared her suit against Dr. Lindstrom.

Joint statement by Gregson Buxton, Miss Bergman's lawyer, and Isaac Pechi, Dr. Lindstrom's counsel, said a property settlement has been liquidated.

The couple's 15-year-old daughter Pia is to remain in California with the father as parent.

The address is in Rome with film director Roberto Rossellini, who claims he is the father of her second child from Pia 2.

President Truman signed a bill to set up an \$85,000,000 program for the Navajo and Hopi Indians of the southwest.

United States Long-range reconnaissance program designed to improve the lot of the Indians through welfare and educational facilities, and the resettlement of a large number of Navajo and Hopi.

other broken legs were also picked up by detectives.

POOL OF BLOOD
Bare of pool and bones of blood and a stack of heavy pot cases had been found.

Detective Inspector Bert Petheram said that police were making full investigation into circumstances of the case, including reports that Pan and the accused woman had been fighting at 10:30 yesterday.

Judy Nishkanen, 1016-107 street, who worked full time for Pan, said she left the store at 7:30 p.m. yesterday and that sometime between 7:30 and 8:00 p.m. she was there when she saw the fight.

Neither girl could shed any light on the death of her employer. They said they did not know Mrs. Smith, had never heard Pan speak of her.

DIED NEAR MIDNIGHT
Provincial chief coroner Dr. M. C. Cauter fixed the time of Pan's death as close to midnight last night.

Exact time will not be known until autopsy findings are available," he qualified.

The coroner said there would be no inquest in view of the fact a charge had been laid and case would proceed directly to preliminary hearing.

Joe Miller, who lives at 1020-26 street, near Pan's store said he saw nothing unusual during the night in the one-story building where Pan had his business with her.

Phillip Poon, proprietor of Ling-nan restaurant and cousin of the dead woman, said he believed robbery may have been the motive for the crime.

WOULD HAVE CASH
"Jimmy would have been carrying more than \$2,000 last night," the coroner said. "I don't think the girl could have been over \$1,000."

"Someone else must have been involved," he said.

Pan's sister, Maile and Dolly, agreed with their cousin's belief.

Edmond barister Guy Patterson said he had been retained to defend Mrs. Smith.

"That's all I know about it so far," he said.

Probably the last person to see the victim alive was Mrs. H. K. Low, 1070-108 street, manager of Yai Sun Importing Co.

She said she and her husband and others drove past the store about 9:30 p.m. Pan was decorating his show window and everything seemed to be normal, Mrs. Low told the Bulletin.

Vietnamese blinds at the front of the store were still down this morning and brown paper was pasted over the front door.

Mrs. Smith has lived with her husband in a two-story basement suite at 1105-84 street.

Mrs. Kathleen Woyciwicz, is owner of the house. Her husband, John Woyciwicz, said the Smith couple had lived in the suite only one week.

He knew very little about them, he said, beyond the fact that Mr. Smith worked for the Edmonton Transit System.

Mrs. Smith is reported to have worked in a Jasper Avenue restaurant until the time of her marriage a few months ago.

The woman's properties of the

Strangling Story To Be Sustained

Detective Stevenson On Stand
May Repeat Overheard Talks

First corroboration of evidence that alleged murderer Joseph Gilbert strangled Sam Kee in his North Edmonton room house Oct. 8 will be presented in Supreme Court today.

NEW METHOD

Finger Poked In Neck To Stop Pains

BOSTON, April 20.—(AP)—Two new ways of stopping the heart pains of angina pectoris were reported to the American College of Physicians today.

One is a new Egyptian drug. The other is to poke your finger into your neck.

The drug is khalin. It comes from a weed common in Arabia and the eastern Mediterranean countries. Extracts are used for colic.

Dr. Harold L. Osher and Kermit H. Katz, of Boston City Hospital, reported using khalin on 20 persons, all with bad cases of angina pectoris. All but three were much relieved.

Dr. Katz told of stopping angina pain almost instantly by poking one finger against a patient's neck. This was done with patients who volunteered as guinea pigs.

They brought on attacks by taking exercises in the doctor's presence.

Two More Czechs Plead Guilty To Spying Charges

PRAGUE, Czechoslovakia, April 20.—(AP)—Two more of six Czech defendants today pleaded guilty to charges that they were spies in a ring directed by United States embassy officials here, the official Czech news agency reported.

The agency said Jiri Dolanek, former chief of diplomatic protocol of the Czech foreign ministry, and Milan Spryzel, 26, clerk in a Prague for business, added their guilty pleas to those entered yesterday by former army major Jaroslav Nechanicky and Vileslav Wahl.

Two other Czechs, including one woman, also are accused of espionage and high treason.

In the past 20 years the U.S. federal budget has gone from \$400,000,000 to \$42,000,000,000 a year; employees from 600,000 to 2,500,000; boards, bureaus and agencies from 640 to 1,812.

One of the men today was charged with being the murderer's cafe brook into tears today when he heard about the murder charge.

"I can't believe it," he said. "Marie was one of the sweetest girls ever had work here."

Chin, jointly charged with the room-house slaying of market gardener was a Crown witness against Gilbert in the first trial last December.

The two were convicted but the conviction was later quashed by an Appeal Court and new trials ordered.

Chin was adamant in his refusal to give evidence, or even to be sworn. Mr. Justice McBride twice gave him the opportunity to change

Three Convicts Retaken After Brief Freedom

VANCOUVER, April 20.—(CP)—Three convicts slipped away from a work party at suburban Oakalla prison farm yesterday but were captured by armed guards after 30 minutes freedom.

The prisoners disappeared into the bushland surrounding the prison fields and scattered while guards fired shots to attract attention to the break.

Within minutes carloads of guards had sped to the scene and thrown a cordon around the bush area. They beat their way into the centre of the bushland picking up the men separately. The prisoners offered no resistance, guards said.

Three Ministers Decide Topics Of Conferences

WASHINGTON, April 20.—(AP)—State Secretary Dean Acheson, Foreign Secretary Bernard Baruch and Prime Minister Schuman of France have substantially agreed on the great European and Asiatic issues that will be discussed at the London diplomatic conference next month.

A series of note exchanges among Washington, London and Paris diplomatic officials disclosed they have almost completed arrangements for the talks. These indicate that the three western foreign affairs chiefs will be much more concerned with tightening co-operation among the western nations than with charting new moves against Russia in the cold war.

Hirohito is the 124th member of his family to be emperor of Japan.

His mind, then, remained him in contempt of court until the afternoon sitting of the Court.

Howe Refuses Request For Direct Air Route

Edmonton Chamber of Commerce proposal for a direct TCA route between Edmonton and Vancouver has been refused.

Trade Aides Visit Planned

Group of assistant trade commissioners who have been trained as agricultural specialists will visit Edmonton April 20 to May 3.

T. Ashburner, manager of the Alberta branch of Canadian Manufacturers' Association, is in charge of arrangements for the visit. The four commissioners, with their assistants, are: William Van Vleet, Frankfurt-am-Main, Germany; C. J. Hillhouse, London, Eng.; D. S. Laughton, Caribbean area.

While in Edmonton the trade officials of Alberta departments of agriculture, department of industry and labor, Alberta Fur Breeders' Association, Northern Alberta Dairy Pool, Gainers Ltd. and Edmonton Chamber of Commerce.

Chamber Plans Protest Over Road Route

Chamber of Commerce will formally protest a British Columbia suggestion that the Trans-Canada highway from Yellowhead pass by diverted southwards of Blue River. The proposal came from B.C. Minister of Public Works E. C. Carson who advocated linking Kamloops to the Yellowhead pass by the Big Bend highway and Valenmont instead of up the valley of the North Thompson and Blue River.

Chamber of Commerce favors the Blue River route because of lesser construction and maintenance costs, shorter distance, lesser fuel and greater ease of construction. They will present their case to the boards of Trade of Vancouver, Victoria, Jasper, Blue River and Kamloops, suggesting should they consider "an approach be made to the minister concerned, expressing opposition."

Three More Service Stations Asked At Night

Service station operators have recommended to City Commissioners that three more stations be permitted to operate on a 24-hour basis.

An operators' association spokesman said today the additional stations will be in strategic places, but he refused to specify them.

Council recently held an informal discussion with the operators and asked them to decide among themselves what action should be taken to alleviate the growing pressure for all-night gas service.

It is likely the operators' recommendation for the extra 24-hour permits will be accepted at Monday night's council meeting.

The spokesman said operators do not want the all-night light thrown wide open.

Cinderella Girl Due Back Home Tonight

Cinderella will come to town today in an air-borne pumpkin.

Donna Henderson, 15-year-old girl from Good Hope school district, 20 miles from Edmonton, was chosen Canada's Cinderella in Toronto, Tuesday. She arrives in Edmonton on TCA at 6:40 p.m.

Pretty little Donna has spent her 13 years in jeans and sneakers and is thrilled to meet with her chosen one. And they'll all be at the fairy-tale good fortune. Toronto opened its cold eastern heart to the appealing little girl who has never known the joy of pretty frocks, air hair rides or so much kind attention.

Accompanied by her teacher Isabel Smith, who nominated Donna for the Cinderella role, the 15-year-old youngster is on her way.

Her Good Hope school mates are excited at her mother, Mrs. Henderson, said today this morning, that they'll all be at the 6:40 p.m. plane to greet their Cinderella.

There'll be tears of happiness in the mother's eyes. Her hopes for her daughter's future will live again in this fairy tale promise.

A RABBIT OWES its life to two good-hearted policemen, Const. Bob Boyle and Const. K. van Meer, who were patrolling at 97 edition, when they found a big dog had cornered rabbit against a building. They chased dog away, took frightened rabbit to headquarters. Const. A. Oadych took the animal home as pet for his children, pending a claimant.

SAFETY TALK for kiddies of St. Alphonsus School, 116 avenue and 52 street, came yesterday when star wrestler Billy Whipper Watson, Toronto, one of founders of Bulletin's Whippers Safety Club, spoke to over 100 pupils. Joanne Prociak, standing, Mary Anne Sarnocki and Mary Jane Murphy make big fuss over Whipper at conclusion of talk.

SAFETY CLUB NEWS

School Children Hear Whipper Watson Talk

By Cecil "Tiger" Goldstick
Director, Bulletin Whippers Safety Club

One hundred Edmonton boys and girls yesterday gave the solemn promise that they would be careful while on the streets.

And there to receive their pledge at the St. Alphonsus school was Whipper Watson, the popular Toronto wrestler and safety club organizer, who is the inspiration for the Bulletin Whippers Safety Club.

Whipper made a big hit with the youngsters as he addressed the street safety was carefully followed.

Particular stress was laid on the proper manner in which to cross streets and the danger of playing on roads.

As well as talks on safety, Whipper told his young audience that one of the greatest assets and Watson is certainly right.

Please enroll me in the Edmonton Bulletin "Whippers" Safety Club.

Engineer On Royal Train Dies In City

Funeral service will be held Friday for Duncan Cameron, 74, engineer on the Royal train in the Edmonton division in 1930.

Mr. Cameron, railroaded since 1932, died in hospital Tuesday.

Service will be held at Howard and McBride chapel at 2 p.m. Rev. Angus J. MacQueen, Roberson United church, will officiate. Burial will be in Edmonton cemetery.

Mr. Cameron, who resided at 110 Balmoral Road, began railroad work with the C.P.R. at Regina, became an engineer in 1907. He had worked out of Edmonton since 1911.

He was an Oddfellow, member of Maunio Lodge and Brotherhood of Locomotive Engineers. Mr. Cameron was also an elder of Robertson United church.

Travelling exhibit of Canada's planned national capital will be on view at the University of Alberta from Friday to April 26.

The exhibit, in Woodward's store, will be officially opened this afternoon by Lt. Gov. John I. Bowden before a number of invited guests.

Public will view the exhibit without charge from Friday morning until closing.

Observatory at the University of Alberta will be open to the public this evening, Prof. J. W. Campbell reported. The observatory will open at 8 o'clock for observation of Saturn.

Meeting of the Air Cadets' Parents Association will be held in the air cadet hangar on April 21. Nominations will be taken for the election of officers, for the coming year.

No. 44 Heavy Anti-Aircraft Workshop and 136 Light Aid Detachment R.C.M.E. will parade Friday at 8 p.m.

Delayed contacts between city and provincial officials on health grants will be held here Friday.

Mayor Sir Farnham today he and Commissioners John Hodgson and D. E. Menzies, together with Dr. G. M. Little, health officer, will meet Premier E. C. Manning and members of the cabinet at the Legislative Building.

Originally planned for several weeks ago, the meeting was delayed by Premier Manning's trip to New York on refunding of the provincial debt.

Cancer Fund Reaches \$6,000 As Drive Opens

Nearly \$6,000 for Alberta's fight against cancer has been donated to date, officials of the Canadian Cancer Society said.

Donations received in the campaign for funds to carry on prevention and treatment of the disease now total \$6,001.

Of this amount \$4 was donated recently through the efforts of the Hudson's Bay Company store, and other contributions came from local business firms and individuals.

Worry of FALSE TEETH Slipping or Irritating?

Don't be concerned about your false teeth slipping or irritating you when you eat, talk or laugh. You should wear a F.A.C.T. on your jaw. This patented powder gives a permanent bond of added comfort and security by holding plates from moving, rubbing, jostling, slipping or tearing. It's alkaline (not acid). GARDENTITE is an acid-free, non-toxic, non-staining.

JOHNSTONE WALKER LIMITED

CANADIAN FILM BANNED IN SURREY

LONDON, April 26.—(CP)—The Surrey County Council has banned from every movie house in the county the Canadian-made film "Sins of the Fathers."

The film deals with the consequences of illicit sex relations. It already had been passed for showing to adult viewers older than 15 by the London and Middlesex county councils and by 13 provincial authorities.

The film was not certified by the British Board of Film Censors because in such cases it is board policy to leave the decision to local authorities. Surrey is the only county to ban it so far.

The film was made in Canada in 1948 by Canadian Motion Picture Productions Ltd.

Resigns Post

WASHINGTON, April 26.—(AP)—President Truman yesterday accepted the resignation of James H. Doolittle, director of the Economic Arms Aid program, effective May 1.

Truman said he was "gladly" accepting the resignation "reluctantly."

Chamber of Commerce will greet the plane at the airport.

On Monday, there will be a luncheon with provincial and civic dignitaries present. In the afternoon, a tour of Leduc arranged by the Edmonton Chamber of Commerce.

Monday evening, the formal reception and dinner will be held.

Daylight Saving Starts April 30

Many Canadian Cities Switch From Standard Time Then

By the Canadian Press
Mark April 30 well, brother, if you're the punctual type—or sleepy. That's the daylight-time deadline in many sections.

Only one province officially changed the change to "fast time." Alberta has a law making continuation of standard time mandatory. Most popular hour for the switch is 2 a.m. Sunday, April 30. Montreal, Quebec, Windsor, Ont., and Winnipeg are among the few that have a deadline of one minute after midnight that same night. This is generally one week earlier than last year.

NOT MARKED
Opposition to "fast time" this year was not marked, a Canadian Press survey showed. Farmers traditionally favor "slow time" they say their cows don't know the difference and still have to be milked at the same hour.

Some city folk voiced disapproval. In Manitoba, a private member's bill advocating a ban on daylight time was turned down by the legislature, 29-18.

In Ontario, the provincial association of mayors and Reeves filed neither the suggested changeover nor the lack of uniformity in the length of the daylight-time period. It asked the Canadian federation of mayors and municipalities to urge a standard system across the country.

Most cities and towns will stay on daylight until sometime in September. Ontario, which clung to daylight time until late November last year because of a hydro shortage, plans to go back to standard time in September, too.

Canadian Pacific AIR LINES

Inside Hollywood

By Bob Thomas

HOLLYWOOD—(AP)—The movie town has changed little over the years, says Sally Eilers, film "bad girl" of the '30s, who is returning to the screen after a lengthy absence. In her 22 years of Hollywood life, Miss Eilers boasts, she has never been involved in a scandal. She admits to having married four times, "but that can happen to anyone in any town."

Miss Eilers became a top star in "Bad Girl" and was one of the red-headed depression flappers. She is making a film return as the dancer girl queen in "Lost Soul" with George Brent and his band, Harry Joe Brown.

She is amused by the current popularity of the weekly Charles.

Only Single Chess Victory
BUDAPEST, April 20.—(AP)—Boris Botvinnik of Russia scored the only victory Wednesday in the sixth round of the World Chess Championship by defeating his opponent, Vasily Smyslov.

The tournament is being held to choose a challenger to meet Russia's Mikhail Botvinnik, present world champion.

Argentine Champion Miguel Najdorf played his usual brilliant attacking game with white against Golden Stahlberg of Sweden, but Najdorf sacrificed one pawn in a rather curious way and apparently without good reason. Stahlberg had more than enough to do with the game, which was adjourned.

In the game between Alexander Kotov of Russia and Hungary's Laszlo Szabo, the result was also left pending when the match was adjourned, with Kotov in a slight better position.

PAUL OF MEAL is offered by Victor Mature after gambling house operator Phil Harris wins at poker game in scene from "Wabash Avenue." Betty Grable looks on with satisfaction. Film starts tomorrow at Capitol Theatre.

Grable Shimmies Her Way To Film Success

Betty Grable will be dancing across the screen at the Capitol Theatre tomorrow, when "Wabash Avenue" starts its week's run in Edmonton.

The beautiful blonde may not shimmy exactly as it was done in the Gay Nineties, but her shivers and shakes are guaranteed to keep moviegoers entranced throughout the show.

There are other actors in the film who also deserve mention. Victor Mature is back to delight the feminine hearts with his portrayal of a fast talking, piano playing kingpin of Chicago life.

JUST AS CAPABLE
He has proven himself just as capable in musical comedy as in his previous heavy dramatic roles.

The radio boy with the horn, Phil Harris, is also featured in "Wabash Avenue." It's his first straight role, and he gets all the credit to Jack Benny.

He says Benny did all the talking to get him the part and even cancelled a tour of England so Phil could devote all his time to the production.

The plot is supposed to centre around stage life in the Gay Nineties. But why worry about the plot when you've got Grable.

North Rail Link Talked

WASHINGTON, April 20.—(CP)—Senator Warren Magnuson (Dem.—Wash.) today held conference with government officials on the possibility of taking up with Canada a proposal to build a railroad linking the United States with Alaska.

He told a reporter the government did not want to reveal its plans for conferences with Canada until they are finally arranged.

Magnuson is the sponsor of legislation that would empower President Truman to open negotiations with Canada for a survey of a 1,400-mile road from Prince George, B.C. to Alaska.

Last October an official of the Canadian government indicated at Ottawa that Canada was not interested in such a project at this time.

The official told the Canadian Press that "the government doesn't feel that the existing road, rail and water facilities are being utilized to their utmost."

Committee 'Too Busy'

WASHINGTON, April 20.—(AP)—A Congressional monopoly investigating committee has turned down an invitation by Canadian paper manufacturers to visit Canada in advance of an inquiry into the newspaper industry.

Chairman Emanuel Celler (Dem.—New York) said Wednesday a high schedule prevented the committee from accepting an invitation by the Canadian Paper and Pulp Association to come to Montreal.

"We have no time," Celler told a reporter, "and I don't know what we would be served by going up there. We have all the facts."

Caller had stated previously that Canadian newspaper manufacturers and provincial officials appeared to be maintaining an artificial newspaper shortage to keep high prices. Canadian officials denied it.

The newspaper investigation is slated tentatively for early June.

Help From Britain Held Reciprocal

MONTREAL, April 20.—(CP)—Britain's plans to increase sales to Canadian markets require the "wholehearted support" of the advertising and sales professions in Canada. W. A. Morgan of London secretary of the British machine tool trades association, said Wednesday.

Addressing a meeting of the advertising and sales executives club of Montreal, he said: "We believe we have the capital, equipment and machinery to help Canada foster ahead industrially and we want to march forward with her."

There are other actors in the film who also deserve mention. Victor Mature is back to delight the feminine hearts with his portrayal of a fast talking, piano playing kingpin of Chicago life.

MECHANIZATION INVADES FISH INDUSTRY

ROCKLAND, Me., April 20.—(AP)—Is there no end to this mechanization of the fishing industry?

Now they're going to pump sardine herring right out of the sea.

Centrifugal pumps through which the small fish can pass without damage are not new. They've been used for some time for discharging herring at dockside.

But now the pumps are going to sea.

Several sardine carriers are fitted out with pumps here this spring. The pumps will be used to load the herring into the carriers either from weirs or purse seines.

Epidemic In North On Decline

CHURCHILL, Man., April 20.—(CP)—The measles epidemic among Indians in the Churchill area is subsiding, health officials reported today.

Major B. P. L. Brouseau, chief medical officer at nearby Port Churchill, said new cases are few because all Indians living around the river and all those living near the camp have had the disease. The same applies to the North River settlement, with the exception of three members of one family.

Major Brouseau said there have been 71 cases in the last three months, 65 of which were treated at a temporary isolation hospital. Fifteen were followed in the district, three by ear infections and three by dysentery. The death yesterday of an Indian girl brought the toll to three.

Reports from the Duck Lake area 120 miles northwest, where the epidemic still rages, said pneumonia is following many cases. One patient was to be taken here today.

BAD WEATHER

The Department of Indian Affairs took over the Duck Lake outbreak after Major Brouseau handled the first few cases. The army medical service took care of all patients here.

Meanwhile, five Eskimos suffering from tuberculosis and one with a hernia were to be flown to Winnipeg for treatment. A plane scheduled to take off today was stopped by bad weather. The six were flown to Churchill earlier from Southampton Island in the Arctic.

And in the Lake Bonadai district, 250 miles north of here, measles, reported spreading.

Cadet Training Centres Winnipeg Controversy

WINNIPEG, April 20.—(CP)—Two groups drew battle lines today over the question of cadet training in Winnipeg schools.

The Manitoba and Lake Superior branch of the Canadian military association touched off the fight with a charge recently that pro-Communism in their youth organization, had stifled cadet training in Winnipeg and other Manitoba schools.

Last night the controversy flared at a school board meeting at which Mrs. Margaret Chubb, retired printer and W. G. Donnelly, school agent, argued further extension of cadet training, now on a voluntary basis in Winnipeg schools.

SEVERAL GROUPS

Mrs. Chubb said she represented several groups. She named them as the women's peace action committee, housewives and consumers association, two branches of the mothers' club, Scholom Aleichem school, women's auxiliary, fur and leather workers union.

"We don't want our children to be given military training through our educational system," she told the board. "It would teach children a philosophy of hate."

PEACE COUNCIL

Mr. Donnelly is president of the Manitoba peace council. A former member of the legislature, he was expelled from the CCF party for opposition to the Atlantic Pact.

Board chair, Campbell Hall said the school trustees would "study" the requests by the three organizations.

Veterans' Debt Urged Cancelled

**Write-Off Asked In Name
Of War Vet Land Settlers**

OTTAWA, April 20.—(CP)—A non-veteran member—Robert Fair (SC-Battle River)—renewed in the Commons yesterday his perennial plea that the government write off the debts of the old soldiers who were settled on western lands by the government 30 years ago.

He promptly won support from two veterans of the First World War—John Diefenbaker (PC—Lake Centre) and Percy Wright (CCF—Melfort)—as he reintroduced a resolution urging the government to consider the advisability of giving the soldier settlers clear title.

The three traced the troubled financial careers of the one-time veterans who settled on the prairies under contract with the old soldiers settlement board and asked the government to dissolve the debts of the 1,634 who still owe money on their land.

LIQUIDATION UNDERWAY

Ladies Match (L—Winnipeg South), parliamentary assistant to Veterans Minister Gregg, reported that an "orderly" liquidation of the settlers' debt already was under way and sought to adjourn the debate until Mr. Gregg advised from the chamber, could speak.

CCF and Social Credit members objected and, in an ensuing vote, the debate was adjourned by a count of 114 to 46. Progressive Conservative members voted with the CCF and Social Credit.

Introducing his veterans resolution, Mr. Fair recalled that in 1919, 20,000 veterans were given a loan of \$48,000,000 by the government to get a start on lands in the prairie provinces. But they were "beaten before they landed" because they were furnished with poor farm equipment and poor livestock and ran into bad crops and falling prices.

The settlers had trouble meeting payments and many failed, leaving the land. Other stayed and still were there. All but 1,084 had paid their debts and those still behind in payments owed the government \$1,812,000.

The government, he held, obviously felt that mistakes had been made because it had from time to time, allowed reductions in the debt. But these reductions had not kept pace with losses suffered in bad years and the settlers could not get ahead.

Influenza and starvation still were reported spreading.

OPENING FRIDAY at Woodward's

National Capital Exhibit

5th Floor

Maps and charts add a complementary explanation to the detailed scale models and the photographs. The problems present in planning our National Capital and the manner in which they were overcome are clearly portrayed. For those of you who have never been to Ottawa... here is your chance to get to know your Capital. Those who already know the city will find the display doubly interesting.

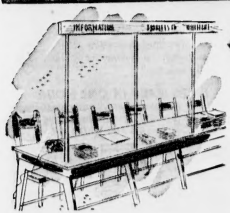

CANADA'S FUTURE CAPITAL IN MINIATURE!

- See** the display of YOUR Capital City... past, present and future.
- See** intricate scale models which took three years to complete.
- See** "Ottawa" in an exhibit which takes 5,000 square feet of floor space.
- See** the 20-minute Film, "Planning Canada's National Capital."
(Continuous showing in connection with the display.)

Skilled craftsmen have created Canada's future capital in miniature. Come and enjoy this outstanding display! You can imagine you're taking an air ride half a century from now and looking down on 900 square miles of what promises to be the most beautiful capital in the world! Impressive scale models faithfully portray Ottawa (present and future) in every last detail... in this... the only show of its kind in the world!

Now on display during Store Hours From Friday, April 21st to Saturday, April 29th (Inclusive)

No Charge for Admission

Enlarged photographs of pencil sketches give an overall view of Ottawa from different angles. Locations of interest are duplicated in the intricate scale models showing the Greber plan for the Capital and in the expertly devised relief maps which are also meticulously made to scale. Information on the various phases of the proposed development is available at the exhibit.

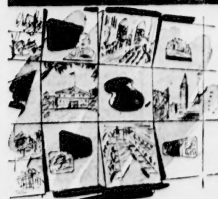

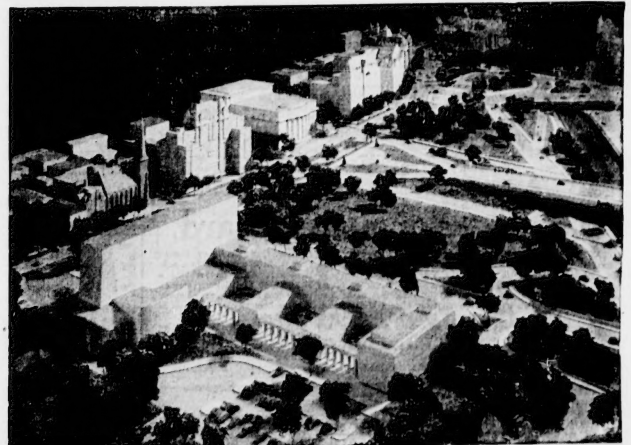

The National Capital of the future, looking southeast from Parliament Hill along the Rideau Canal to the proposed new mall and entrance for the Montreal road. Confederation Park is seen (centre) surrounded by public buildings. New bridges over the Rideau River are seen (centre) background. See this intriguing scale model in the display at WOODWARD'S.

the Film
"A CAPITAL PLAN"
A Color Featurette
AT THE CAPITOL THEATRE
APRIL 21ST TO 27TH

Photo at right shows finishing touches being applied to the grounds of the Parliament Hill model. Like the other buildings in the display, the Parliament Buildings are exact in detail, and in many cases architects' plans were used for authentic reproduction. All the buildings are carved in solid wood, painted afterwards to resemble the types of stone and other material used in the construction of the actual buildings.

On Display
Fifth Floor

Actual photographs are displayed, showing the present buildings in Ottawa now in use by the various branches of the Dominion government. Much of the nation's business is carried on in "War-time Temporary Buildings" rented offices and old factories and stores.

A new home for the National Gallery of Canada and other cultural institutions in a National Institute of Fine Arts is proposed by Jacques Greber in the Capital Plan. Recommended site in Center Square and a suggested type of building is seen in the above photo of the model. The building at the lower approach (upper centre) is a proposed civic theatre. The proposed Institute would frame the south side of an enlarged Confederation Park in the heart of the Capital.

Produced by The National Capital Planning Committee, Federal District Commission, Ottawa.

Plans For Organization Studied At Tory Meet

OTTAWA, April 20.—(CP)—Intensive and widespread campaigns to enlist members in progressive organizations was urged Wednesday at Progressive Conservative Association of Canada convoked a three-day annual meeting with adoption of a series of resolutions.

Bishop Sees Northland In Spotlight

WINNIPEG, April 20.—(CP)—Most Rev. John Lewis of Kingston, Bishop of Ontario, yesterday drew attention to the importance of Canada's northland.

In the opening of the 26th session of the Synod of Rupert's Land, Archbishop Lyons said Canada's north has "come into the spotlight of history" and is of great importance to the ecclesiastical province. It may play a decisive part in the future, not only of Canada, but in the whole of democracy," he said.

There is a need to recapture pioneer spirit of the missionaries and to "rediscover the fellowship which has characterized the church at its best," Archbishop Lyons said.

He noted that indifference and neglect have been heaped upon the northland by the church. Indifference is the more dangerous measure of the two, he said.

"A bewildered world presents an unmistakable challenge to the church," said Archbishop Lyons. He noted that the church at its best, Archbishop Lyons said.

ARGENTINE HUSBAND TELLS ALL TO WIFE

PARIS, April 20.—(UP)—An Argentine husband made the mistake of confessing his sins to his wife early today when he thought he was about to be killed in an airplane crash.

But the plane, an Air France Constellation from Buenos Aires carrying 33 passengers and a crew of eight, made a safe crash landing at Orly airport after circling for more than three hours with a blocked landing gear. No one was injured.

An Argentine woman, who would not give her name, said her husband thought they were spending their last moments together as the plane circled over the north in the breadbasket of the world.

"He asked my forgiveness for a lot of things I never knew he had done during our married life," she said. "He was very angry about it when the plane landed safely."

The delegates also recommended Ottawa meetings of party organizers in the different provinces with the national executive for the purpose of discussing, as far as practicable, organizational activities across Canada.

The committee would meet at least three times a year and would consist of two members each from Ontario and Quebec, and one member from each of the other provinces.

The delegates also recommended Ottawa meetings of party organizers in the different provinces with the national executive for the purpose of discussing, as far as practicable, organizational activities across Canada.

The committee would meet at least three times a year and would consist of two members each from Ontario and Quebec, and one member from each of the other provinces.

Minorities Tell Of Discrimination

PARENT-TEACHERS' GROUP HEARS FROM SIX REPRESENTATIVES

VANCOUVER, April 20.—(CP)—The misery of facing discrimination because of one's race—their personal experience—was described here by six representatives of Canadian minority groups.

They addressed a parent-teacher association meeting last night. The speakers included a Negro, a Jew and a North American Indian.

WORK ISSUE BRINGS DEATH

TACOMA, Wash., April 20.—(AP)—A first degree murder charge was filed yesterday against Thomas E. Sparr, 29, for the "get-up-and-work" slaying of his wife, Margaret, 27.

Detectives said Sparr had signed a confession he shot Margaret after becoming enraged when she would not answer an alarm clock so he could get up and look for a job.

Charges Laid Against Two

NEW YORK, April 20.—(AP)—A sealed indictment quoted here yesterday named two Buffalo, N.Y., men as leaders of a country-wide counterfeiting ring that has operated since wartime days.

The pair, Anthony Iraci, 36, and Salvatore Sall, 39, were arrested in Buffalo and are being held in \$100,000 bail each.

One count in the indictment, handed up by a federal grand jury in the United States district court, charged Iraci and Sall with possessing and selling more than \$250,000 in counterfeit bills.

The men also are accused of conspiring with others to make and sell counterfeit bills.

Army Standardization Agreement Is Pressed

SHERBROOKE, Que., April 20.—(CP)—Defence Minister Claxton said Wednesday night "it is vitally important" that the 12 North Atlantic Treaty powers reach agreement on standardization of certain items of military equipment, particularly personal weapons, light motor vehicles, field communications equipment and anti-tank weapons.

His statement to the Quebec command of the Canadian Legion indicated Canada is carrying into the larger arena of peace talks her steady pressures on the United States and United Kingdom to reach standardization.

In a speech prepared for delivery, Mr. Claxton said Canada would not hold back what she is prepared to do in standardization, including schedules of the characteristics of weapons she would like to see generally adopted.

He also said:

1. One reason for delaying purchase of armament is that the time may come soon when we have automatic rockets, guided missiles and recoilless weapons of much greater efficiency than those now available.

The other reason was that the time may come when we have automatic rockets, guided missiles and recoilless weapons of much greater efficiency than those now available.

Women Ask Radio Control

OTTAWA, April 20.—(UP)—A letter control over crime broadcasts was urged by the Royal Commission on Arts, Letters and Sciences today by the Federal Women's Institutes of Canada.

The FWIC brief said women, more than anyone else, appreciated radio broadcasts, especially rural women to whom they were "an inestimable boon." The FWIC said it represented about 100,000 rural women.

19 Diseases Succumb To New Drug

BOSTON, April 20.—(AP)—The new medicine, terramycin, tried on its first 300 sick persons, has cured 19 different diseases.

This record was reported to the American College of Physicians today by Dr. Chester S. Keeler, Boston. It was compiled from records of doctors in various parts of the United States.

Terramycin is the newest of the antibiotics. Penicillin was the first of these medicines.

In the first tests this new antibiotic seems to cover a "wider range of diseases than penicillin."

ATYPICAL PNEUMONIA

It was good for primary atypical pneumonia, a disease not highly fatal, but for which there was no medicine.

Terramycin has quickly cured pneumonia (brucellae). Numerous cases of lobar pneumonia were cured, and still other kinds of pneumonia caused by a mixture of different germs.

Strep sore throats and tonsillitis were relieved. Pertussis, erysipelas, kidney infection, breast abscesses, brain abscesses, gonorrhea and whooping cough were healed.

Bronchitis, broncho-pneumonia, liver abscesses, scrub typhus fever, American murine typhus fever and shingles also were cured.

Study Seen As War Need

VICTORIA, B.C., April 20.—(CP)—Lt. Gen. Guy G. Simonds said today that modern war is total war, and industrial and economic factors as well as the obvious military must be studied and co-ordinated.

He arrived here at the head of a party of 21 defence experts now on a Canada-wide tour as part of the third annual defence course for senior civilian and service officers.

The purpose is to study industry and defence problems.

Gen. Simonds, 46-year-old commander of the Defence College at Kingston, Ont., devoted comment as to possible increase in west coast defences.

"This is a general assessment of defence needs and weaknesses," he said in an interview. "At the end of the course a report will be submitted to the government."

The party will fly to Whitehorse, Y.T., Friday and later will visit Anchorage and Fairbanks, Alaska.

The liquid surrounding solid vegetables in a can contain dissolved minerals and vitamins and should be used.

NEGRESS WINS \$250 IN U.S. DAMAGE SUIT

WASH., April 20.—(AP)—Negro pianist Hazel Scott was awarded \$250 damages yesterday by a jury which found she had been denied service at a restaurant because of her race.

Mrs. Scott sued Mr. and Mrs. Harry Uza, former owners of a Pease, Wash., restaurant for \$500,000. She alleged she was denied service at the restaurant Feb. 11, 1940, solely because of her color.

The jury of three women and nine men—all white—deliberated 15 hours.

Photo Survey Nearing End

OTTAWA, April 20.—(CP)—HCCP photo squadrons are getting ready for what headquarters sources today said may be the "last big year" in a 20-year-old task of photographing Canada from the skies.

The three photo squadrons which last year photographed 850,000 square miles of Canadian territory in the far north and other remote spots, expect to be in the field within a few weeks. They will operate until fall.

Two Dakota aircraft already have left the home base of the photo squad at nearby Rockcliffe. They headed this week for Edmonton to establish field headquarters there for one of the squadrons planning operations north of that area.

Actual photo operations are expected to start within the next few weeks, with between 35 and 40 photo and transport support aircraft taking part. By the time the last plane returns here in the fall, practically all of Canada will have been photographed from the air.

Gen. Bradley Sees Democracy Can Be Safe

CONCORD, Mass., April 20.—(CP)—Gen. Omar N. Bradley, chairman of the joint chiefs of staff of the United States, said yesterday that the United States, Britain and Canada—"politically joined"—can preserve democracy in the world.

Gen. Bradley spoke on the 175th anniversary of the battles of Lexington and Concord which began the American Revolution and the ultimate separation of the United States from the British Empire.

His prepared text did not elaborate on his phrase: "Politically joined" and "strengthen their political unity."

EDMONTON BULLETIN, Thursday, April 20, 1950

Cheap Jap Goods Are Protest Cause

Canadian Businessmen Seek Action On Imports To Canada

By Knowlton Nash

VANCOUVER, B.C., April 20.—(BUP)—Canadian businessmen were complaining from one end of the country today against importation of cheap Japanese goods.

They feared an invasion of lower priced goods similar to the other cheap Japanese products. They already stepped in on one case to prevent Japanese articles under-selling Canadian materials.

A shipment of 20,000 Japanese shirts selling for 90 cents apiece to Canadian shirt manufacturers arching their backs, and they asked and got the government to step in. The shirts, knitted gloves, children's dresses and cigarette lighters were underselling their Canadian counterparts by a considerable margin, and the federal government stepped its anti-dumping laws against the goods. The laws mean additional Canadian duties are levied against the products to bring their prices up to Canadian standards.

Japanese mitts and gloves are flooding the Canadian market, said James Armstrong of the Canadian Woolen and Neck Goods Manufacturing Association in his protest to the government.

Many on List

It was believed the shirts were among several lots of textiles shipped to Canada in exchange for 20,000,000 in Canadian wheat in a private deal.

Japan has met with considerable success in exporting novelties, quality porcelain ware, smallwares and hardware to Canada. Importers of Vancouver, B.C., said the Jap products were of much better quality than in pre-war days, and that sales were booming.

Japan's efforts to sell cement in Canada so far have met with no success, although it has Canadian cement markets worried. The main reason for failure is because Jap prices are slightly higher than Canadian cement rates.

No Action Yet

A shipment was recently reported coming to Vancouver, but the deal apparently fell through. The report, however, was enough to raise protests from cement makers in Canada. N. S. Tomlin, manager of the Pacific Cement and Lime Co. Ltd., Victoria, B.C., said importers all over B.C. have been receiving quotations on Japanese cement.

Currently the prices are slightly higher than the local market here.

Penalties Are Studied

OTTAWA, April 20.—(CP)—Federal and provincial governments are studying the advisability of increasing penalties under the criminal code against drunken automobile drivers. It was learned Wednesday.

The Justice Department now is seeking the views of the provincial attorneys-general on the problem, and they have been invited to submit suggestions for alterations to the appropriate sections of the code.

These suggestions, along with views of the Justice department, will be submitted to the royal commission on revision of the criminal code for consideration.

The commission, headed by Chief Justice G. M. Martin of Saskatchewan, was then working on general revision of the code.

Police Probing B.C. Island Death

PRINCE RUPERT, B.C., April 20.—(CP)—The scantily-clad body of 30-year-old Betty Young, white wife of a Queen Charlotte Island Indian, was found yesterday in a downtown hotel room here.

Police said she may have been strangled during the night, although the body bore no marks of violence. A suspect is held for investigation.

The young woman was the wife of Harry Young of Island, B.C., a patient in military hospital here.

Time Out

By Dick Beddoes
ABOUT GUYS AND GALS
Credit Bulletin staffer Patricia McEwen for the following court case.

Two points make one court case.

Claude Blackwood and all those folks who conduct CPN's country-wide Search-for-Talent show every year are being held up, so to speak, for their final presentation at the Civic Pavilion this Saturday.

For the people who run the pavilion, namely the Exhibition Association, are reported to be charging a whopping \$200 for the one-night stand.

Unreasonable, you say, huh? Yep, it sure is. Search-for-Talent proceeds will go towards alleviating the Northern Alberta Crippled Children's Fund.

Leo Furey is in business locally. The fight business, that is. Furey, having emigrated from the west coast and vice-president in charge of filling waterweight Phil Palmer's water bottle, is training the boys in the gym under-the-gem.

The Palmer people may fly back to Vancouver for an engagement with one Eddie Helm on promoter Al Prince's card on May 15. Honest Gene Moxon also will like Palmer for a Vancouver card in early May.

Newest description of Marlene Bauer, the 16-year-old American golfing sensation—she's a juvenile delinquent.

Yellow named Harold Perry is in town from Jasper, reports a fellow named Perry for the recent Fort Frances-Calgary hockey game. He got a speaking job at the arena, surprising him on account of his chased pucks for the Fort Frances Baccus Grey in 1962-24.

And speaking of Jasper, now it is as good a time as any to go to the town of Jasper and back to Dan Webster and Jack Rescoe, a couple of cookies who will come into their own once the fighting season opens.

Bill Stuckey recently returned from a trip to Toronto, reports a fellow named Mr. (Mr. Murr) Mills, who is in the Canadian wrestling champion in Edmonton. But, as Stuckey, Mills is billed as Lord Albert Mills in the east and rates no more than a preliminary apex.

Reach 'Eights' In North-South
PINEHURST, N.C., April 26—(AP)—Defending champion Frank Stranahan of Toledo, Ohio, yesterday led the field through one of the most fiercely contested 50-yard runs in the 50-year history of the North and South Amateur Golf tournament to survive a series of hole-in-one shots.

After the long double-round day, Stranahan was joined in today's semi-finals by the following seven survivors of the first round.

Wesley K. Spencer, Newport News, Va.; Joseph A. McBride, Ridgewood, N.J.; Jack Culp Jr., Chicago; William C. Campbell, Huntington, W.Va.; Raymond L. Pittman, Asheville, N.C.; William W. Murkham, Easthampton, Conn.; and J. Welcott Brown, Mansfield, N.H.

Anavets To Drill
Anavets senior men's football squad will hold a practice tomorrow night at Kingsway hall park, at 6:00 o'clock.

Exhibition Wants Own Junior Team
The Edmonton Exhibition Association appears to want no part in the sponsoring of a composite club in the Western Canada Junior Hockey League.

At least, that point seems clearly made in a letter to the Bulletin sports department from the association's hockey committee last night. Following is the letter:

"This is a report of a meeting held by the hockey committee of the Edmonton Exhibition Association, to discuss the proposed composite hockey club to play in the WCHL for the coming season.

Although the composite idea might be alright, it was not the feeling of the meeting that was the answer to a successful junior operation.

GORDON McDONALD, Chairman, Hockey Committee.

FAN FARE
The feeling of the hockey committee was that they did not want to sponsor a composite hockey club to play in the WCHL for the coming season.

By Walt Ditzon
The feeling of the hockey committee was that they did not want to sponsor a composite hockey club to play in the WCHL for the coming season.

DISCUSSING recent happenings in puck wars across country are Bud MacPherson, left, former Flyer defenseman now with Cincinnati Mohawks, pivot Jack McGill, centre, of Providence Reds, and Bob (Busher) Jackson, winger with Minneapolis Millers. They worked out last night in preparation for EAC annual all-star game Friday.

Buffalo As Hugh Currie To Perform in EAC Game

Hugh Currie, husky 190-pound defenseman of Buffalo Bisons, American Hockey League eastern division winners this past season, will add another star to the annual EAC all-star game at the Gardens tomorrow night.

Last night Mervyn Rinaldi, EAC defenseman who has been playing with the task of lining up the puckers for the big show, disclosed that Currie would be in uniform.

NO RESIDUES HERE
Formerly a native of Saskatchewan, Currie now makes his home in Edmonton.

Dan Carrigan who starred EAC in the Memorial cup final against Toronto St. Mike's in the spring of 1934, will handle one of the clubs. Gordon Watt, still going strong on defence for Flyers, was a member of Carrigan's classy junior squad.

Watt will play tomorrow night, as will Harvey (Pug) Douglass, Bill Pettigrew and Eddie Cutler, all members in good standing, more or less, of the Flyers defence corps.

Opposing Carrigan in the mainline department will be Jimmy Graham, whose Mercury recently captured world puck honors in London.

As benefactor members of EAC teams, three of the Mercury, defenseman Pete Wright and forwards Hassie Young and Harry Allen, will be dressed.

DOUG BENTLEY COMING
Heading the "out-of-town" delegation will be Chicago Black Hawks' great forward, speedy Doug Bentley. Along with goalie Benoit's nephew, by the way, the Chicago ace will come on a series of hole-in-one shots.

Ben Bentley handled the goaltender duties for Kitchener-Waterloo in the OHA this past season. Well known here, he occupied the same position with Regina last season 1964-65.

Johnny Chad and George Azar appear standouts with EAC junior. Azar will be on hand, at the Bud (Busher) Jackson of the Minneapolis Millers.

A number of the puckers went through a light attack at the Gardens last night. Mike Nugent and Reg Moon will referee.

ECC TO MEET
Shareholders of the Edmonton Curling Club will hold their annual meeting tomorrow night at 8:00 o'clock in the clubhouse.

Top prize is a season's pass to the 14-day August race meeting to be held at the Exhibition oval here. Second award is a pass for half the meeting, third a double pass for one day. There's even a fourth prize, a single dust for one day.

At last reckoning, the following are considered most likely to meet in the derby:

Oil Capital: 7-2 Hill Prince; 4-1; 1st; 2nd; 3rd; 4th; 5th; 6th; 7th; 8th; 9th; 10th; 11th; 12th; 13th; 14th; 15th; 16th; 17th; 18th; 19th; 20th; 21st; 22nd; 23rd; 24th; 25th; 26th; 27th; 28th; 29th; THE WESTERN spirit has hit Edmonton and Alex Janusis, four, 10233-149 street, gets into the mood with cowboy suit and pony. New fad is attracting youngsters, and the Hudson's Bay 'corral', where these pictures were taken, and other leading stores.

HE'S GOT the stance for a better golfer than a cowboy. Allan Fraser Pike, five, 9707-105 street, waits for the villain.

READY to whip his six shooter out of holster is Warren Bounds, seven, 10502-151 street, Edmonton range rider.

AFTER rough day in saddle, Paul Donohue, 5001-119 street, leans against corral fence, pondering performance of the open range.

on the TOWN...

By Jack DeLong

Excuse Our Dist

Edmonton has lots of water. And our streets could be so clean. But the men who drive the speeder trucks are seldom over seen.

If you leave your home of mornings in a shirt that is laundered white. You'll just walk one block on Jasper And that shirt's one awful sight.

Answer to curious subscriber: Yes, trolley buses can be backed up. One of those Scotsman inspectors told me he has even turned them right around in the middle of the block where there are no overhead turn-around wires.

True, Sad Story

Had a long, interesting chat with Whipper Watson yesterday. Watson is that so good-looking wrestler who is helping to organize The Bulletin Whippers' Safety Club. Whipper told me a true story that I think is well worth repeating. It's a sad story, too.

A couple of years ago down in Toronto there was a lively little girl who used to be naughty at times, like every youngster is.

Her mother started telling the little girl that a policeman would come and take her away if she kept on being naughty. The little girl naturally became very frightened of policemen.

One day the child became lost. Police cruised around the streets looking for her and finally spotted her standing on the sidewalk a long way from home.

They stopped their car and one of the policemen walked over toward the child. As soon as she saw him she started to run, and she ran right on to the busy street. She was struck by a fast-moving car and killed.

Whipper Watson says it makes him boil to hear about parents scaring their children about policemen. And Whipper's so right. Policemen are the best friends children have.

I think every Edmonton parent should try and remember this true story. Don't make a bogeyman out of a policeman.

Of Birds and Bees

Last week we had first robin stories. Now it's the first bumble bee.

Schoolgirl Mariel Aldermen of 9432 - 111 avenue phoned to say that a real bee was buzzing around her bonnet yesterday.

Elegant Edna wants to know if she should give me a buzz if she sees a bee.

A good goodnight to all and especially to people with dust-proof lungs.

Mink Ranch Vaccine Plan

Alberta fur farmers may have a better vaccine put at their disposal by the Alberta Fur Breeders' Association.

The association, meeting here yesterday, formulated a proposal to finance purchase of the vaccine by a five cent levy on each of the animals owned by members of the association.

Refresher Courses

OTTAWA, April 20 (CP)—Refresher flying courses for air specialist officers of the active and retired lists of the Royal Canadian Naval Reserve will be held this summer at the RCN air station, Dartmouth, N.S., naval headquarters announced. Courses begin May 1 and will be of two weeks' duration.

The association, meeting here yesterday, formulated a proposal to finance purchase of the vaccine by a five cent levy on each of the animals owned by members of the association.

The meeting will be submitted to members for approval.

Adjudicators Nearly Weep Over Falter

Spirits of Mozart and Bach were made happy last night in Edmonton.

"I'm sure that if John Selastian Bach is looking down here now he is wearing a happy smile," Alex Redshaw said in praising the singing of "Good Fellow, Sir Henry" by J. Brown of Calgary.

SONG LIVES
"He makes the song live the sort of life Bach would have liked to have it live. He has a fine voice, a powerful compass in the world if more knew and understood him as this singer does," he said.

At one stage, Mr. Brown's memory faltered. Dr. C. S. Lang and Mr. Redshaw, noted music adjudicators from London Eng., "nearly went up there" in the balcony of McHugh Church at the break in the song.

They decided to wipe out the break and to award the Stubbins Cup to Mr. Brown over four other gold medalist competitors. Each in the competition had won a gold medal in an open class at last year's festival.

Blonde, slight Julian Kester thrilled Dr. Lang again by playing a lovely Mozart concerto "well, a maturity far beyond her 16 years." He recalled that earlier in the day other Mozart movement a virtuoso thing.

GRAND CONTROL
"This girl knows how to play Mozart," Dr. Lang said last night. "She has grand technical control and she makes it sound very easy. It is not. He was a great master of technique which makes him all the more difficult to play. Every note must be exact. She played it with warmth and tenderness in tone."

"If this plan proving has given us a foretaste of Thursday night's program, they really rest in this church should be full," said Dr. Lang. He referred to tonight's program in which 11 pianists, including Miss Kester, compete for Miss J. Le Saund's award of a trophy and \$20 as a Chopin Memorial commemorating his centenary.

MORE PRAISE
Praise was heaped again yesterday on James Lamont, Calgary, after he won his fourth award.

He seems to be developing a habit of showing us one fine quality after another," remarked Mr. Redshaw.

"In the first song he has a real human mission. I feel he can sing this way to comfort and to fortify us. It was very impressive," Bernard Turpin, "a young useful voice," won the Shellen Challenge Cup for bagpipe in 1948.

Andrew Kinning, the runner-up, was heralded by Mr. Redshaw as a singer with "troubling doubt possibilities." He added: "He has a real bass voice. He cannot get command of it. When he can't really come to near some thing, I think he's going to make a very fine singer."

CHANCES ARE GOOD

CLINTON, N.Y., April 20 (AP)—Horre Kinney of Syracuse has a "pretty good" chance of making the Hamilton college golf team, Coach Don Jones says.

"When the freshman turned out for practice, Jones said: 'Let's see your swing.' Kinney drew off the first tee and scored a hole-in-one."

Gas Conservation Publicity Stand

Edmonton should let Albert's gas conservation board know the city is concerned about present and future gas supplies and the ultimate effect of possible export on gas prices.

At one stage, Mr. Brown's memory faltered. Dr. C. S. Lang and Mr. Redshaw, noted music adjudicators from London Eng., "nearly went up there" in the balcony of McHugh Church at the break in the song.

They decided to wipe out the break and to award the Stubbins Cup to Mr. Brown over four other gold medalist competitors. Each in the competition had won a gold medal in an open class at last year's festival.

Taxi Boost Is 'Stalled' By Operators

Taxi operators have stalled action on their bid for a fare boost.

Commissioner John Hodgson told last night's finance committee meeting the operators have not accepted the operators' bid for a fare boost.

Committee members had been for statements of three different types of operation, small, medium and large, but operators submitted statements for three similar operations.

Thus the request for a boost in basic rate, from two miles for 50 cents, to a mile and a third for 50 cents, was laid over by the committee.

Faithful Fellow
SALCM, Mass.—(UP)—Herbert L. Hewes, 54, has missed only six meetings of his Odd Fellows lodge in 63 years.

"This will be largely a reiteration of our previous presentation to the Dining Committee," said Mayor Sid Parsons.

Lack Of School Choirs Is Termed 'Dreadful'

An audience of 31 adults listened to four choirs of 157 school children sing yesterday at Alberta Musical Festival.

"This is dreadful, only one choir in each class," said Alex Redshaw, London, England, adjudicator.

"In Stubbins, Ont., a much smaller city, I have seen as many as 11 choirs in one class.

"There's a much better here. There should be many more school choirs in each class."

Mr. Redshaw did not rule any of the choirs very highly. There were 48 plans from Newwood school in Grade III competition, 29 from Hill school in Grade V, 43 from King Edward school in Grade VI and 37 from Mount Carroll school in Grade VIII. Boys and girls were about evenly divided in the various choirs except for Mount Carroll, which numbered 51 girls and only four boys.

Mr. Redshaw found the singing by one choir dull, lively, lacking in life and spirit.

One other had a "lovely, fresh tone" but still much to be desired. A total of 12 marks separated the four choirs for their singing of two selections each.

Gateway Theme Receives Approval of Committee

Blessings Of City Council Will Be Requested Monday
Edmonton should make the "Gateway to the North" slogan on its letterhead official.

City Council's finance committee last night approved the Edmonton north and historic publicity theme, and put its blessing on the Gateway to the North slogan.

"At once the full council will be asked for its approval.

It will also be asked to refer back to finance committee the problems of finance and how the theme can best be put to use.

Brightener of the hour and a quarter hour with the question was Grace Campbell's modelling of a costume suggested by the finance committee.

At one stage, Mr. Brown's memory faltered. Dr. C. S. Lang and Mr. Redshaw, noted music adjudicators from London Eng., "nearly went up there" in the balcony of McHugh Church at the break in the song.

They decided to wipe out the break and to award the Stubbins Cup to Mr. Brown over four other gold medalist competitors. Each in the competition had won a gold medal in an open class at last year's festival.

Cuckers Down From Debut Price at 70c

By Ben Thrifty

Yesterday I took advantage of our first beautiful spring day of 1950 by serving a simple, light, cool salad for supper... and got away with it famously in a meat 'n' potatoes family.

But when fresh vegetables take a sudden nose-dive in price, it's a crying shame not to take advantage of said situation.

Why Land of Goshen... fresh field cucumbers are now going at an interesting price of 10c, 15c and 20c each. Compared to their debut price of 70c per pound this year... it's quite a comedown.

And tomatoes are available in varying sizes and qualities for as little as 15c per pound... if you happen to strike it rich.

Asparagus... the king of spring vegetables has slid down to a more reasonable rate of 20c per pound. It's but a tenuous lapse since I paid 40c per pound for a meat's worth of fresh asparagus.

Fresh new beets, carrots, cabbage, endive, parsnips, lettuce, celery, turnips, green onions, radishes (these are going, going, gone) at below prices each day.

Something has to sell at a reasonable price... to make up for the meat market's phenomenal gains.

Now is the time to come to the aid of your centerpiece ideas with a fresh philosophy based on the effort for its artistic and original appeal.

Seasonal local markets are positively crowded with fresh pineapples... and as a result the sweet tropical fruit is going for King Alfred daffodils at a price of 20c per.

Their merit as a centerpiece attraction measures along nicely with the taste appeal everyone admits.

But of course it seems silly to talk of pineapple and its centerpiece value when we can store the sweet tropical fruit in a jar of King Alfred daffodils at a price of 20c per.

The two at 45c lot is a bargain indeed.

They won't last more than a couple of days... but even a couple of days of that golden beauty is worth your 45c lot!

Egg plant, purple, ugli and a long way from my favorite vegetable... it's here for them to eat. I'm here for them to eat. I'm here for them to eat.

Women Today

14 EDMONTON BULLETIN, Thursday, April 20, 1950

(Janis Carter appearing in Columbia's "Women of Distinction")
IF THIS WERE YOU—Ever watch shoppers to see the impression they make. With a little thought about how you look you can be as lovely a shopper as Actress Janis Carter, above.

WHY GROW OLD

By Josephine Lowman

I have just been to a circus and was not Ringling Brothers! I have been sitting in a car which was parked on a busy downtown street!

Believe me, I do not write this as a confounding way, I grow old, that many times, I have looked just as funny and just as hectic and just as worried as the people I saw passing by today.

How much younger than woman would appear if she looked up rather than down when she walks, and what a difference it would make in the middle-aged woman, with the hectic face, if she had a list (humor).

That man is not old; probably no more than 40, but the way he stoops, with shoulders rounded and head lowered and stuck forward, and halting gait, he could be eighty! What a difference it makes when one walks like a God or Goddess, at any age!

Do you women readers? Why don't they reach forward with their steps rather than waddle from side to side?

What drawn and hurried and hurried expressions appear on many faces I see passing by.

On a busy street you glimpse the great panorama of life, with its struggle and its frustration, its weariness and its hope, passing by. Even when a fine day is provided by the Gods, the best news comes on it and it is reflected in the faces of the people.

They have somehow lost the best view, the excitement, the thrill of the romance and the adventure of it in personal problems.

Opening—V K 10

ever, was not based on optimism in careful planning before playing to the first trick, he found the way to make the contact.

If he had used the full trump of the opening lead of last trick of hearts, he would have lost.

YOUR BABY AND MINE

Father Ignores Son Through Resentment

By Myrtle Meyer Eldred

Both parents play a vital role in the child's development. If the father or mother is lost through divorce or death, then the other must make up for the loss in some way. But, when both parents are in the home, it is a tragedy when one falls to play his rightful part.

Here is a boy whose father pays no attention to him and never has. His mother is a devoted mother, but she is being driven to divorce because the father is so mean to the boy.

"He never notices him except to scold him," she writes. "He never plays with him, though he does play with our girl baby. I feel so badly about this I want to go away and leave him. The boy is a nice child and very fond of me. I think he notices that his father does not care for him."

This sort of letter makes me ache. It is tragic for a child to be repudiated by one parent. One has to guess that this child was born before the father had an opportunity to adjust himself to marriage and then parenthood came upon him. His resentment toward the whole thing is understandable. When his boyhood so abruptly, has been turned toward the child.

It is possible that this boy resembles the father. It is invariably the child most like the parent who gets the most criticism. Unconsciously, the parent punishes himself for his own sins by punishing the child. In the case of the girl baby she may be like you, with whom he fell in love.

What this parent needs is some reason for his behavior. He must understand how he is falling in his role as parent. May I suggest my booklet, "How To Be A Good Parent," which may be had for a self-addressed stamped envelope, "Mailing the Grade As Dad," from the Public Affairs Committee booklet, which may be had for 20 cents from this committee at 22 East 28th Street, New York City.

Kills Very Smart But Not For Women

CARLISLE, England—(CP)—

Mrs. Florence Leslie of Edinburgh, Scotland, is a very smart woman. She is a very smart woman. She is a very smart woman. She is a very smart woman. She is a very smart woman.

"I know kills are thrilling to wear and very smart, and that women love them. But they are a woman's dress," she told the Carlisle Musical Festival.

Mrs. Leslie said it is all right for girls under 12 to wear kills.

TIME-CONSUMING role of president of Provincial Chapter, IODE, belongs to Mrs. P. P. Griffith. She presides at sessions of provincial meet at Macdonald hotel this week.

Apologetic Approach Blamed For Women's Politic Weakness

"Women in Canada are hypnotized by the three words: 'only, merely and just'."

Lilian Thomson, National Executive Director of YWCA, suggested this "bewitchment" of women to approach every situation in public affairs through doorway of "apology" as one of the obstacles to their public success.

"Coming as her topic 'And then there were none,' Miss Thomson drew an analogy between the terrible Indian and Canadian women of the present hours of parliament."

Historically, woman's place is in the home. There is feeling that women won't support women. "But," pointed out Miss Thomson, "it is women who excel in the matter of human, personal relationships. And it is this expertise in personal relationships that is needed so much in world today."

What can women do to remedy their present lack of appearance in public life and government? Prior to general discussion Miss Thomson made several suggestions. One that existing women's organizations concentrate on political issues at home rather than on such things as "cool minding in the U.S.A."

Women should have active national committee and perhaps form women's councils to the established parties.

"It is common need women would give their particular gift to human relationships and establish themselves in the world," said Miss Thomson. "The world needs women who are not only good mothers and good wives but also good citizens."

All-Canadian Crafts To Be Featured In Handicraft Guild Show This Week

Crafts from all across Canada are to be displayed for Edmonton admirers this week.

Edmonton Branch of the Canadian Handicraft Guild will present its semi-annual exhibition and sale of Canadian crafts Friday and Saturday at the Macdonald hotel. Exhibition will be open from 3 to 10 p.m. on Friday and from 10 a.m. to 4 p.m. on Saturday. Tea will be served in the cafeteria.

Lt. Gov. J. M. J. Bowlen will officially open the display at 3 p.m. Friday. Mrs. Philip W. Jean, president, Mrs. A. W. Douglas, past president, and Mrs. A. L. Millar, first vice-president will receive guests.

Special guests will include Mr. Bowlen and Mrs. Bowlen, Major C. V. Daere and Mrs. Daere, Chief Justice George O'Connor and Mrs. O'Connor, Mrs. W. A. R. Kerr, honorary president of the guild, Mr. and Mrs. Donald Cameron, Mrs. Claude Finley, Mr. and Mrs. Richard McDonald.

Convenor of display committee are Mrs. Leslie Irwin, Mrs. D. C. Bitt, Mrs. Clarke Ready, Mrs. C. C. Aitch, Mrs. J. Hutton, and Mrs. A. L. Millar.

Crafts displayed will include those from Quebec, continued by Mrs. J. J. Over, Mrs. N. Miller, Mrs. A. E. Otiwell, and Mrs. J. P. Fortin. Labrador, continued by Mrs. G. R. Redgewick and Mrs. N. Payant, and Nova Scotia, continued by Mrs. W. E. Wadell and Mrs. A. W. Bletcher.

PINECRAFT TOO
Pottery and pinewood will be under supervision of Mrs. K. A. C. Clarke, Mrs. A. G. Wilmot and Mrs. D. Harnhouse. Felt figures, Mrs. F. L. Fuller and Mrs. W. G. Gerth, silvercraft, Mrs. H. Tye-Jean, Macdonald Ceramics, Mrs. J. Nelson Penn, copper, Mrs. J. M. Anderson, weaving, Mrs. C. C. Aitch.

Petit Point pictures of Mrs. Philip W. Jean will be conveyed by Mrs. T. R. Clarke, hand wrought silver by Mrs. Clarke Ready and Mrs. G. R. Kirby.

Premature Babies Get Special Care

NORANDA, Que.—(CP)—Babies born here before they are expected now have a better chance of survival at Youville Hospital. A new department has just been opened in the maternity ward for the special benefit of premature children.

Behind the establishment of the premature section was Sister Raymond of Mary, a Boston-born girl who attended school in Ottawa so that she could learn French and join the nursing order.

The new section is only one stone room but it is piped with a special supply of oxygen and oxygen tents incubators have been prepared for infants born ahead of time.

A premature baby may be three pounds under the weight of a normal five-pound baby, said Sister Raymond. Their size and lack of energy make them easy victims for disease. Feeding is a problem because often they lack the energy to feed from a bottle and sometimes they are too weak to swallow.

In extreme cases food is piped into their mouths.

The smallest arrival at the hospital was an 8-ounce baby, said Sister Raymond. His mother arrived in hospital and he was born. His mother is going home to his mother.

IODE Resolutions Summarized For Delegates At Meet

Resolutions formulated during the year by the Alberta Provincial Chapter, IODE, were summarized for delegates at the 30th annual meeting, now in session at the Macdonald hotel.

Forwarded to the provincial government were resolutions touching on TB testing of cows, observance of patriotic anniversary in schools, reduction of book grants, uniform Canadian history tests in schools, and the setting up of a Demonstration National Library to encourage public libraries.

Support for the Federal bill banning crime comics was urged in another resolution.

Minister of Justice was the recipient of a resolution organized by the Major Fane Chapter, Vegreville, regarding the "determinate sentences of sex criminals."

The word of God has four letters in 44 different languages.

Crippled Girl Runs Baby-Sitting Agency

KITCHENER, Ont.—(CP)—"Baby Sitters Incorporated" spells time off for "baby-blessed" married couples in the Kitchener-Waterloo area, and it means extra funds for middle-aged women in the district. But for 17-year-old Rose Ann Norris who has been partially-crippled since birth, it is a real thrill as a new vocation.

The venture started with Mr. and Mrs. Allen Hitter who operate a nursery. They received so many calls for sitters that they decided to fill the need with a sitters' agency.

Accordingly Mr. Hitter asked the Rotary club to suggest a handicapped person to manage the agency.

Miss Norris got the job. "Baby Sitters Incorporated" is designed to act as "middle-man" between sitters and "nearly" similar.

But before being accepted applicants are interviewed and screened in an effort to instill a feeling of confidence in the parents. The agency also protects the sitters by retaining requests from homes that have previously been proved undesirable.

Miss Norris acts as correspondent.

Novel Jewelry At British Fair

LONDON.—(CP)—New "period" jewelry—historic figures painted on metal and china—will be seen at the British Industries Fair in May.

Beauties such as Nell Gwyn, Madame Pompadour and Lady Hamilton are hand-painted from original drawings and depict artistic conceptions of the times.

In hand-painted china pendants, brooches, earrings and clips, individually modelled in high relief, will cost from 35s. (54.2) to 70s. Pendants and brooches are procurable in gold-plated frames specially treated to prevent tarnish. These will sell from 32s. 6d. to 47s. 6d.

In china, there will be such combinations as a brooch showing the full-length figure of Queen Elizabeth, and earrings depicting only her head and her famous ruff collar.

Canadian Club Prize Awarded This Week

TORONTO, April 17.—(CP)—Mollie E. Cottingham of Vancouver was awarded first prize of \$50 in the annual literary competition of the Women's Canadian Club of Toronto, it was announced this week.

Other prize-winners: Fern Jones, Woodstock Ont.; Miss E. B. Norcross, Duncan, B.C.; and Mrs. Ralph Carter, Winnipeg.

The copper mines of Arizona are among the greatest in the world.

Night Pictures Best

It is easier to photograph the night scenes on the Alaskan peninsula, at night than in the daytime. Few observers there in the daylight stage to lay their eyes.

The University of Toronto was granted a charter in 1827.

Long Wait To Die

Although inmates spend months, even years, in reaching maturity, most of them live only long enough in the adult stage to lay their eyes.

The University of Toronto was granted a charter in 1827.

MODERN FABRIC CLEANING

Involves Many Services!

On arrival at your cleaners your clothing begins a trip through a variety of steps and services designed to give you the satisfaction which comes from the wearing of a freshly cleaned, expertly pressed suit, coat or dress.

The driver or office clerk will appreciate any exact information as to the nature of stains or defects which will enable your cleaner to determine the safest treatment, as well as to give you advance information as to possibility of removal. Some spots become visible only after the general soil has been removed.

On reaching the plant your order receives identification and particulars, pockets are searched and articles of value set aside for return. Lint is removed from all seams and cuffs. Duff fingers, buttons, collars and neckties. Certain plastic buttons those having glue content will dissolve in cleaning solvent. We agitate buttons and belts be removed before sending to your cleaner, enabling him to speed your order and avoid damage to these small items.

DRY CLEAN OFTEN

in the KITCHEN...

By Jane Scott

Now is the time for all good homemakers to come to the aid of the budget.

Now is the time to plan menus to cut food costs... when food prices are high as Junior's kite these breezy April days.

Now is the time to plan your meals, your marketing carefully, buying the most plentiful foodstuffs... they're less costly.

Now is the time for me to tell you about a few low-cost menus planned by half a dozen earnest homemakers bent on beating the budget blues.

Try the family and vegetable blends, not buttered macaroni, new beans cooked with greens for nutrition and color, coffee, milk, tea.

Another last-week before-the-day menu is meat loaf with tomato mushroom soup sauce, roasted potatoes, parried carrots, hot French bread, butter or margarine, chocolate pudding with mince, coffee, milk, tea.

Or... creamed corn omelet, lined peas, crisp rolls or French bread, butter or margarine, chocolate cake (made quickly, inexpensively with ready-mix), coffee, milk.

Seagull and longer casserole, bowl of mixed vegetable and crisp lettuce or endive salad, French dressing, try bread butter or margarine, caramel raisin pudding, coffee, milk.

Then there's baked pork chops, baked potatoes, broiled tomato, mixed green salad, two servings of bread, butter or margarine, plum, ice-cream cones, coffee, milk.

Try sauté of beef liver and onion, parried potatoes, mashed yellow turnips, sliced white bread, butter-margarine, shredded cabbage and celery salad, whipped scalloped dessert, garnished with juice leftover from plums, cookies, coffee, milk.

Our family likes braised chuck steak with braised potatoes, mashed potatoes, lettuce, cucumber, match, mashed parsnips, lettuce.

MACARONI and cheese, molded into an eye-appealing main dish fills the family at low budget cost. Nutritious, inexpensive, versatile macaroni tops fare on meat-saver days.

Macaroni Magic Makes Budget Easier to Bear

Macaroni Magic in its endless combinations... of spaghetti if you'd rather... has eye-appeal, taste-appeal and budget-appeal.

At this particular time most of us are far more interested in buds, tuppence, and if you haven't learned how to put macaroni products to work for you, you'll find it worth your while to consider their versatility.

As a matter of fact just consider this offering of recipes for all the best qualities of a food-stretcher.

Typical Italian Dinner Menu

Many persons like to choose a typical Italian menu when "eating out." Such a menu might be served in the home as well as in the restaurant.

French Wine served with each course.

Ann VanManen Is Wed Here Recently

Easter wedding was performed recently at the home of Rev. and Mrs. H. G. Rice, wife of Ann VanManen became the bride of Rice and L. Drake.

The bride is the daughter of Mr. and Mrs. VanManen, and was given in marriage by her father.

Attending the bride at the wedding ceremony was Mrs. Sheila Churchman, and Gerald Hootenale of Victoria was best man.

Out-of-town guests included Mr. and Mrs. Gerald Hootenale, Victoria; Mr. and Mrs. F. E. Alton, Sturgeon; Mr. and Mrs. Audrey LaFarge, Mr. and Mrs. Donald Drake.

Drinks were served in mercury by the bride and groom.

There's always the old meat-stretcher stand-by of adding biscuits, corn meal crusts and pastry in various shapes and forms.

With a bit of leftover ham, lots of imagination, and a few sprigs of parsley you may whip up a tasty little pie for the family main-dish.

Then there's the beauty of corn meal.

Corn meal and pork sausage are flavor twins. Combine them just plain, serve with smooth pot gravy and applesauce and you have a last-meal supreme.

Here's a favorite recipe for the sausage pinwheel.

SAUSAGE CORN BREAD PINWHEELS (6 servings)

1 pound pork sausage meat 1/2 cups sifted enriched flour 1/2 cup enriched corn meal 3 teaspoons baking powder 1 teaspoon salt 1/4 cup shortening 2/3 to 1 cup milk

Cook pork sausage meat, stirring until meat is crumbly. Drain off fat. Sift together dry ingredients.

Cut in shortening until mixture resembles coarse crumbs. Add milk, mixing lightly only until mixture is dampened.

Turn out on lightly floured board, and knead gently a few seconds. Roll out in a rectangle about 12 x 9 x 1/4 inches, cover with cooked sausage meat. Starting with the long side, roll up like a jelly roll.

Kut in slices 1 inch thick. Place on greased baking sheet and bake in a hot oven 140 degrees F. 12 to 15 minutes. Serve with sausage gravy or hot apple sauce.

Here's another mouth-watering get-together of meat and corn meal.

MEAT TOPPED CORN BREAD (6 servings)

1/2 pound pork sausage meat 1/2 pound ground beef 2 tablespoons chopped onion 1/2 cup flour 1 teaspoon salt 1/2 cup chopped green pepper 2 tablespoons chopped pimento 1 recipe of golden corn bread batter

Brown meat and onion in frying pan, stirring constantly. Drain off fat.

Blend in flour and salt. Add green pepper and pimento. Spread in an 8-inch square pan.

Pour corn bread batter over meat mixture.

Bake in a moderate hot oven 400 degrees F. 30 to 35 minutes. Let stand 5 minutes and turn out on a platter, meat-side up.

GOLDEN CORN BREAD 1 cup sifted enriched flour 1/2 cup enriched yellow corn meal 4 teaspoons baking powder 1/2 teaspoon salt 1 egg 1 cup milk 1/4 cup shortening, soft

Mix together dry ingredients into well-mixed bowl. Add egg, milk and shortening.

Beat with rotary egg beater until smooth, about 1 minute. Do not overbeat. Pour over meat mixture and bake according to directions.

Pension Scheme Organized for RN's

Organized pension scheme for nurses employed in Alberta hospitals will be asked of the Associated Hospitals of Alberta.

This was decided at closing sessions of the Alberta Association of Registered Nurses' annual meeting.

The convention also decided to request the College of Physicians and Surgeons not to give nurses' aides responsibilities for which they were not trained.

Other decisions made were to set up a committee to formulate a practical salary schedule for nurses, and to oppose organization of a student nurses' association.

Horticultural Is League Guest Speaker

Joe Scott of the Edmonton Horticultural Society was guest speaker at the monthly meeting of the Alberta Avenue Community League last night.

Mr. Scott, showed slides and talked on the culture of Slides: Peas.

Meeting took place in community hall.

Florida's Crops

More varieties of crops are produced by Florida than any other state in the Union. It harvests 200 kinds of vegetables, nuts, and fruits annually.

ROGERS' GOLDEN SYRUP

THE B.C. SUGAR REFINING CO. LTD. VANCOUVER, B.C.

Serve 4 THIS EASY WAY!

HERE'S HOW:

Ingredients: 1 lb. Canned Salmon, flaked; 15 cups grated cheese; 2 eggs, well beaten; 1 cup milk; 2 tablespoons melted butter; 3 rolled crackers; juice of 1 lemon.

Directions: Combine Salmon, cheese, add beaten eggs and milk. Pour into buttered casserole. Cover with buttered cracker crumbs. Over all pour lemon juice. Cover, set casserole in pan of water and bake in moderate oven, 350-375° F. for 30 minutes. This Canned Salmon Casserole serves 4.

PEAS AND BROWNED MUSHROOMS

1 4-cup can sliced mushrooms or 1/2 cup fresh

1 No. 2 can green peas 1/2 teaspoon thyme 2 tablespoons bacon drippings

Pimientos for garnish, if desired

Drain mushroom and pea liquor into a sauceron and add thyme. Boil rapidly to about 1/2 cup in quantity. Saute mushrooms, either canned or fresh, in bacon drippings over low heat until browned. Add mushrooms and peas to liquor. Heat thoroughly. Garnish with strips of pimiento if desired.

PUBLIC NOTICE

of Proposed Amendment to the Edmonton Zoning Bylaw

Pursuant to the provisions of Section 24 of the "Town Planning Act," the Council of the City of Edmonton hereby gives notice of its intention to pass Bylaw No. 2291 to amend Bylaw No. 1284, the Edmonton Zoning Bylaw, by amending the zoning of lots in the City of Edmonton, subject to certain restrictions and the observance of certain requirements stated in Bylaw 1284.

A copy of Bylaw 1284 may be inspected by any person interested therein at the office of the City Clerk, City Hall, Edmonton, Alberta, at any time between the 15th day of April, 1950, and the 22nd day of May, 1950.

Any person objecting to Bylaw 1284 may then object thereto by writing to the City Clerk, by the 22nd day of May, 1950, or by appearing at a public hearing to be held at the City Clerk's office at 2 p.m. on the 22nd day of May, 1950.

The Council will at its regular meeting to be held on the 22nd day of May, 1950, at 10 o'clock a.m., consider the proposed amendment and report thereon. The Council may, upon the 22nd day of May, 1950, or at any time thereafter, amend, alter, or rescind the proposed amendment.

DATED at the City of Edmonton, in the Province of Alberta, this 20th day of April, A.D. 1950.

GUYTON S. DOCHERTY,
City Clerk.
